

9/11/2018

Dear Parent/Guardian,

We have an opportunity to secure additional services in reading and mathematics for our students. You can assist us by filing out the ***Title I Participating Private Schools Family Survey***. Please complete this survey for each of your children in PreK- 8 that attend our school. The complete survey must be returned to the classroom teacher by **September 30, 2018**.

In order to receive additional funding to provide these services, pertinent information must be shared with our public school system and the Maryland State Department of Education. Providing us with the information requested on the survey may help to increase the educational services we provide for our students. Your timely completion of the enclosed Income Survey will help St. Agnes secure funds for the following services offered by the US and Maryland Department of Education.

- Federal Programs
- Title I: Reading and Math Tutoring
- Title II: Teacher Professional Development Funds
- Title IV: Curriculum and Student Enrichment Programs and Technology Funds

- From the Maryland Legislature
- Textbook Funds
- Aging Schools Infrastructure and Security

When completing the **Title I Participating Private Schools Family Survey**, please be sure to select your county or city of residence at the top of the survey and answer questions **A** and **B**. If you are required to complete section **C**, please be sure to select the box that reflects the city or county in which you reside. The information requested on this survey will remain at St. Agnes and is confidential.

Thank you for your support and cooperation.

Sincerely,

Rob Costante

Principal
